**COUNTLESS**  
moments of joy

# MUSTARD SEED COMMUNITIES

**Over 1300 mission volunteers embark on a mission trip to Mustard Seed Communities each year.**

"It's truly inspiring to see how much joy the children of Mustard Seed have despite the amount of hardship they've endured. It makes you take a step back and thank God for all the blessings in your own life."

*Marissa, MSC Nicaragua Volunteer*

"When you enter Mustard Seed Communities, there is a moment when the power of the community makes you realize that you are standing in the presence of true agape love. The staff inspires me to be better, the children remind me to appreciate everything in life, and the community taught me to live with an open heart."

*Chelsea, MSC Dominican Republic Volunteer*

"It is certainly an eye-opening experience to see how so many people in our world live with the bare minimum yet remain so joyful. Age does not matter on these trips, it's all about attitude, prayer, and action."

*Bob, MSC Jamaica Volunteer*
